Pensioenfonds Vopak

Choice form of
GROSS PENSION CAPITAL USE

The undersigned:

Name of participant : .....

Initials : ..... BSN : .....

Date of birth : .....

On the basis of article 8 of the pension scheme rules the (former) participant can choose to use the gross pension capital – at a time of choice of the participant – to finance gross old-age and partner's pension with the pension fund.

The pension fund must be notified (in writing) of the decision to use the gross pension capital to finance gross old-age and partner's pension with the pension fund one month before the end of a calendar quarter. Following this, the gross old-age and partner's pension financing will be processed in the first month of the following quarter.

The amount of the gross old-age and partner's pension to be financed is determined on the basis of the actuarial tariffs of the pension fund at the time of processing (see appendix 2 to the pension scheme for these tariffs).

More information about the Vopak pension scheme can be found on the website of the pension fund: https://pensioenfonds.vopak.com/

O I choose to use the gross pension capital – at the next point in time at which this is possible – to finance gross old-age and partner's pension with the pension fund.

Signature : .....

Please note:

A request to use gross pension capital to finance gross old-age and partner's pension cannot be revoked after being processed.
