The investment table of the pension fund is made up of passive investment funds of BlackRock. The annual expense allowance ranges between 0.08% and 0.32%, depending on the investment fund. No purchasing and selling costs are charged.

- I opt for the investment table of the pension fund as investment mix for my future A and B basis gross contributions.
More information can be found in the 'Individual pension investment' brochure (which you can download via the pension fund website).
- I derogate from the investment table of the pension fund.
I will give notice of this derogation online via the portal or via the "what is your investor profile?" question list and the "investment account update form" (which you can download via the pension fund website).
