

Form Investment manner A and B scheme contribution

Please use this form to indicate how you wish to invest the contribution in the A and B scheme.

Investment table of the pension fund

The investment table of the pension fund is made up of passive investment funds of BlackRock. The annual expense allowance ranges between 0.08% and 0.33%, depending on the investment fund. No purchasing and selling costs are charged.

- I opt for the investment table of the pension fund as investment mix for my future A and B scheme contributions.
More information can be found in the 'Individual pension investment' brochure (which you can download via the pension fund website).
- I derogate from the investment table of the pension fund.
I will give notice of this derogation online via the portal or via the "what is your investor profile?" question list and the "investment account update form" (which you can download via the pension fund website).

Return to: Stichting Pensioenfonds Vopak, PO Box 863, 3000 AW Rotterdam or by mail to pensioenbureau@vopak.com

Investing your contribution?

The contribution is determined as a percentage of three bases:

- for the A scheme in respect of the wage portion between € 14,249 and € 62,210;
- for the B scheme in respect of the wage portion between € 62,210 and € 114,866;
- for the C scheme in respect of the wage portion above € 114,866.

The standard option is to invest with the contribution in the A and B scheme. You can also use the contribution to purchase pension entitlement directly (pension for yourself as well as partner's pension). You can choose whether to invest or purchase pension entitlement directly with respect to the contributions in the A scheme OR the contribution in the A and B scheme. The contribution in the C scheme is always invested.

If you choose to invest the contribution, it will be paid into an investment account. You can invest the contribution in accordance with the investment table of the pension fund or decide the manner of investment of your contributions yourself. Please use this form to let us know whether you have decided to opt for the investment table of the pension fund or wish to decide the manner of investment yourself.

Please fill in and sign the form and return it to us as soon as possible. Until we receive the form, the contributions in the A and B scheme will be invested in accordance with the investment table of the pension fund.

'Individual pension investment' brochure

You can find more information about investing your contribution in the 'Individual pension investment' brochure, which you can download from our website.
